CSE 4830 SW Reverse Engineering - Assignment #15

Use the necessary tools to perform analysis of the compiled binaries. Please submit write-ups of your analysis for each problem, any keygens you created, or other scripts. Your points will be based on completeness of analysis, your understanding of the problems, and if you were able to achieve the goals.

Use the compressed package of Assignment15 binaries in the artifacts folder

There are 2 binaries math, quotes

Scoring
math = 15pts
quotes = 15pts
